

Mathematics

The Maths Department were delighted with the nominations received this week. Congratulations to Sadie Brough who is our KS3 Student of the Week for being a good citizen in class and KS4 Student of the Week, Sophie Ingledow who was the star pupil in Mrs Richardson's Saturday revision group. Finally, congratulations to Yasmin Graham who is our KS5 Student of the Week for supporting the Year 11 students who attended the Saturday revision session. Well done to all three students!

Sport

U14 Football vs Ullswater – The U14 football team got their season underway with a hard fought match at Ullswater in the City Cup. Despite a strong start to the game, defensive lapses and some quick attacking on the break from Ullswater left Central 3-0 down halfway through the first half. Two more goals for Ullswater near the end of the half left Central with a mountain to climb at the interval. Some tactical changes at half time worked straight away with Jack Farrant scoring early in the half and he added two more top finishes to claim his hat trick. Joe Irving was instrumental in midfield with some strong tackles and positive passing to inspire the comeback. Elliott Routledge finished off some fine work down the left wing with a cross to Aiden Thompson who scored with a screamer into the top of the goal. Despite another couple of chances going close for Central the game finished 6-4 and they can be proud of their fighting spirit in an excellent second half performance.
