

# Richard Rose Sixth Form

The best in everyone™

Part of United Learning

## Welcome

Our Sixth Form is special! It is special because our students are at **the heart of everything we do**. We have a unique approach to supporting our students as they work towards fulfilling their potential in Years 12 and 13. This approach is possible because of our size. Every student who joins our Sixth Form is an individual and because of this approach, we can build personal timetables and programme of study which enable our students to get to where they want to be. With a **98% A\*-E pass rate** for 2015 overall and a **100% pass rate** on our vocational programmes, we are quickly becoming a first choice for many students across the city.

A full range of courses are offered to suit the needs of our students. Areas of study include Humanities, Law, Physics, Chemistry, Biology, Maths, the Arts, Sport, IT and many more...

All students undertake voluntary work, either in the lower school by mentoring younger students, or outside in the local community, supporting voluntary groups or coaching teams.

We are proud to have **state of the art facilities** and a dedicated Sixth Form team. All of our students leave well prepared for the next steps in their lives with a significant number going on to study at Universities across the country.

Let me take this opportunity to invite you to our Open Evening to find out more.

Nigel Cannar

Director of Key Stage 5

### Kyle Botha—Year 13

"I joined Sixth Form as I wasn't sure what I wanted to do in terms of a career but I was sure that I wanted to go into the services. My time at Central Academy has helped me look at all my options and skills. My goal now is to be a firefighter in the RAF."

### Bronwyn Graham - Year 12

"I decided to come to this Sixth Form from Morton because I found that it was the most appealing to me. The camaraderie between the teachers and students make an inviting atmosphere and they never fail to get everybody motivated to try their best in every subject. I really enjoy the Sixth Form and all of the opportunities that it has presented so far, such as NCS and the employability course. These have expanded my knowledge and given me a chance to improve."

## National Citizen Course (NCS)

All Year 12 students are given the opportunity to undertake the NCS course during the first half-term. This is an excellent opportunity to discover new skills, work with each other, have fun and make your mark on a local social action project that will really make a difference.

### Polly Stewart—Year 13

"I decided to go to Sixth Form as I thought it would be the right choice for me. I feel I am more academic and wanted to stick to A Levels rather than going to college or undertaking an apprenticeship. I am hoping to go into nursing at University and my teachers at Richard Rose Sixth Form have been very helpful in steering me in the right direction. Sixth Form has helped me prepare for what I want to do next and I am glad I decided to aim high and gain my A Levels."

### Kelsey Mills—Year 13

"Richard Rose Sixth Form was the perfect choice for me. All my teachers are always extremely helpful and motivating, which helped me achieve 3 As and B at AS. The Sixth Form has also helped prepare me for what I want to do next, which is going to study Psychology at Leeds University. I know that I will achieve with hard work and the support of my teachers."

### Oksana Zakharchuk—Year 13

"I think that Richard Rose Sixth Form was the best choice I ever made. All the teachers are really caring and friendly. They are always there to help you when you are stuck or need to be motivated. They always believe in you and they will do everything they can to support you. This has helped me to achieve the highest grades from every subject I have taken. The Sixth Form Team has prepared me for what I want to do next, which is to go to the University of West London to study Criminology, Policing and Forensics."
