11<sup>th</sup> January 2022

Dear Parents/Carers & Y11 Students

**Re: Sixth Form Information Evening – Wednesday 19<sup>th</sup> January 2022**

Life in the Sixth Form at RRSF ensures a rewarding experience, preparing students for the rigours of A-level and/or BTEC study, whilst equipping them with the life skills needed to flourish whatever their chosen career path may be. The two years in the Sixth Form act as a bridge between the relatively ordered style of GCSE courses and the much freer life at university and beyond in the world of work. We see ourselves as the natural choice for students from any school in the area but welcome the chance to continue the journey for students from Richard Rose Central and Morton especially. The principles we have established successfully in Years 10 and 11 are further developed using excellent teaching and pastoral care.

Richard Rose Sixth Form is committed to provide the highest quality of education and to offer opportunities to attain our vision for the school in enabling the young people of our community to shine on the world stage of their choosing and to inspire lifelong learners that achieve their full potential in and out of the classroom, broadening horizons and creating lifelong memories. The key to success is the collaboration between each student, their friends, parents or carers and our passionate teachers.

If you're ready to decide your career direction, prefer practical learning to lots of theory and perform better in continual assessment than exams, then a BTEC could be a good fit for you. However, if you want to keep your options for careers or university study as open as possible, A-levels may be the choice for you. Students at RRSF can choose between an A-level pathway, BTEC pathway or a combination of the two. Whatever your plans for the future, we can provide the qualifications to ensure that you are ready.

The aim for each student is to leave Sixth Form with the utmost preparation, not only for the continuation of their academic career at university or in the workplace, but also as mature, confident, and responsible members of society ready to take on the world.

Please visit our **Open Evening** event on **Wednesday 19<sup>th</sup> January 2022** at **16:00** with the subject teachers and students who will be presenting on their subjects and will be prepared to answer your questions. There will be a Q&A after the presentations hosted by Mr Markham (Principal) and Mr Howarth (Assistant Principal for KS5 and Outcomes) at **16:30** and **17:30** and all are welcome to attend. The presentation will be recorded and shared for those who are unable to make the event, but we look forward to seeing you there.

Yours faithfully

**Mr S Howarth**  
**Assistant Principal for KS5 and Outcomes**
