Dear Parent/Carer

As I am sure you know the summer exam season begins next week. I am really proud of all of our students and I am confident that if they continue we will see some excellent examination results this year.

Below I have outlined the support on offer throughout the exam period:

**Elevate** – All of our elevate and intervention classes will continue to run as normal throughout the exam period. Students have been engaging well with this support and we will continue this until the last exam.

**Bespoke Booster Timetable** – All students have received a booster timetable for their exams. This will provide students with a bespoke “top tips” session prior to their exam.

**Saturday School/Holiday School** – This will continue to run throughout the exam season. We will regularly update our social media page and our newsletters with the dates and times. We also have the building open to any student wishing to study during this time.

**Breakfast** – Every morning during the exam season students will have a free breakfast. This will include a range of hot and cold snacks and drinks.

Finally, we understand this is a stressful time for you and your children and would encourage you to contact us if you have any concerns or need any advice. Below are some key contacts who will help you:
