You don't HAVE to choose  
one from this list, these  
are just some ideas to get  
you started. Do NOT start  
working on your project  
until you have checked with  
us that it is O.K! Once you  
have chosen, write a  
**'Statement of Intent'**  
outlining why you have  
chosen your theme, your  
influences and what you  
intend to do!
